

# Fundraising

## Personalised Bucket Hats & Drink Bottles

Embroidery House is an embroidery business specialising in bright colourful designs for young children. In recent years I have had a lot of success selling my **personalised bucket hats** through Day Care Centres who have used the hats to fundraise. I have recently added **personalised stainless steel drink bottles** to my fundraising line-up, and these have proven to also be very popular.

The hats are sun smart, washable, adjustable and come in three sizes and eight different colours. Children love to see their own name on the hats with a cute image, and can learn to recognise the spelling of their names.

**PERSONALISED HATS DO NOT GET EASILY LOST!!**

The drink bottles are white, 600ml stainless steel, and we have designed a range of colourful images that can be printed onto the bottles along with each child's name. Once again, no more lost or "borrowed" drink bottles.

**The bucket hats and drink bottles retail for \$22 each. We invoice you \$17 for each item you sell and you keep \$5 profit for your centre. FREE FREIGHT for orders over 20 items.**

# How It Works

### 1 Contact Jenny to organise a sample pack

We make it really easy for you. We send you a sample pack that includes the three hat sizes, a colour swatch sheet, a sample drink bottle, design templates, and pre-printed order sheets with your day care centre details.

### 2 Start Promoting

Place the sample items in your day care centre for two weeks and promote to the parents as they drop off the children.

### 3 Fill Order Sheets and Take Payment

As the parents complete orders, check writing is clear enough for us to read, and collect the payment for the items.

### 4 Send Sample Pack Back with Order Sheets

Once all the orders and payments are in, return the sample pack with the completed orders into the pre-paid post bag provided.

### 5 We Invoice then Stitch / Print and Deliver

Once we receive your orders, we email you an invoice for the wholesale total. We get stitching and printing as soon as we receive your order, and in most cases the items arrive back to your day care centre in less than 3 weeks.
